SFISSOXXXX	Aquatic Biosecurity Skill Set

Modification History

Release	Comments
Release 1	This version released with Seafood Industry Training Package Version 1.0.

Description
This skill set is designed to prepare individuals with the skills and knowledge required to recognise signs of aquatic disease and pests and apply biosecurity measures to minimise risk.

Pathways Information
These units provide credit towards a number of qualifications in the SFI Seafood Industry including the SFI SFI30118 Certificate III in Aquaculture and SFI30218 Certificate III in Fishing Operations.

Licensing/Regulatory Information
No occupational licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements
- SFIBIO301 Identify and report signs of aquatic disease or pests
- SFIBIO401 Apply aquaculture biosecurity measures

Target Group
This skill set is for individuals who have daily contact with aquatic stock and are responsible for incorporating biosecurity measures in their work to comply with biosecurity legislative requirements.

Suggested words for Statement of Attainment
These competencies from the SFI Seafood Industry Training Package meet industry requirements for applying aquatic biosecurity measures.
