Release	Comments
Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

SFISTR301	Operate refrigerated storerooms
<b>Application</b>	<p>This unit of competency describes the skills and knowledge required to set up and manage cool rooms and freezer storage rooms for seafood products. It includes the ability to set up the storeroom to ensure correct air flow and product storage temperature, rotate and place stock to avoid cross-contamination, record stock and maintain the cleanliness and hygiene of the store room.</p> <p>This unit applies to individuals who work under broad direction and operate and manage cool room and freezer storage rooms in seafood cooperatives and other businesses where products are held.</p> <p>All work must be carried out to comply with workplace procedures, according to state/territory health and safety, food safety and environmental regulations, legislation and standards that apply to the workplace. Licences may be required if operating load-shifting equipment, such as forklifts.</p> <p>No occupational licensing, legislative or certification requirements apply to this unit at the time of publication. <b>Error! Use the Home tab to apply AFSA AR Code to the text that you want to appear here.</b></p>
<b>Prerequisite Unit</b>	Nil
<b>Unit Sector</b>	Seafood Storage (STR)

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Set up refrigerated storage rooms	1.1 Fit and use personal protective equipment and ensure storage room is clean according to food safety and workplace requirements 1.2 Place shelving or other appropriate material into refrigerated equipment rooms to ensure even flow of refrigerated air throughout room and between products 1.3 Check closing alarm system, lighting, and on and off switches to ensure systems are fully operational and safe working conditions are maintained within the closed room 1.4 Check air curtain or plastic strips across the door of the storage room are operational, to ensure minimal temperature fluctuations 1.5 Use temperature probes or temperature data loggers to check and record temperatures of the storage room 1.6 Report operational maintenance requirements to relevant personnel
2. Place product in refrigerated storage rooms	2.1 Place newly arrived product in the refrigerated storage rooms according to workplace procedures 2.2 Reduce temperature of warm product to required level before being placed in the refrigerated storage rooms 2.3 Store product on a 'first-in-first-out' basis ensuring labels are intact, legible and visible 2.4 Set aside product without adequate labelling and report to the relevant personnel 2.5 Place and safely stack chilled or frozen product to ensure that correct air flow is maintained and product is kept at the required temperature 2.6 Store fresh product to ensure no cross contamination occurs from one product to another

<b>Elements</b>	<b>Performance Criteria</b>
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
3. Maintain stock in refrigerated storage rooms	3.1 Check fresh product to ensure that there is sufficient ice mixed throughout and covering product 3.2 Collect and move potable ice using clean shovels and bins 3.3 Place product on shelving to avoid cross-contamination
4. Stocktake product	4.1 Check product for freshness and signs of spoilage and dispose of unsatisfactory product according to workplace and environmental requirements 4.2 Enter count records on fresh product daily according to workplace requirements 4.3 Make records on frozen product on a regular basis according to workplace requirements
5. Clean refrigerated storage room	5.1 Clean cool rooms using chemicals and equipment according to workplace cleaning and hygiene procedures 5.2 Sweep and keep tidy frozen storage rooms according to workplace cleaning procedures 5.3 Use methods to control vermin according to workplace procedures

<b>Foundation Skills</b>	
<i>This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.</i>	
<b>Skill</b>	<b>Description</b>
Numeracy	<ul style="list-style-type: none"> <li>Identify product weights for manual lifting purposes</li> <li></li> </ul>
Reading	<ul style="list-style-type: none"> <li>Interpret workplace procedures</li> </ul>
Navigate the world of work	<ul style="list-style-type: none"> <li>Take steps to develop skills and knowledge of product</li> </ul>
Interact with others	<ul style="list-style-type: none"> <li>Select and use appropriate terminology when communicating with others</li> </ul>
Get the work done	<ul style="list-style-type: none"> <li>Operate manual load shifting equipment</li> <li>Use digital technologies including temperature probes and data loggers</li> </ul>

<b>TITLE</b>	<b>Assessment requirements for SFISTR301 Operate refrigerated storerooms</b>
<b>Performance Evidence</b>	
<p>An individual demonstrating competency must satisfy all the elements and performance criteria of this unit. There must be evidence that the individual has set up and managed refrigerated storerooms on at least one occasion including:</p> <ul style="list-style-type: none"> <li>• using required personal protective equipment (PPE)</li> <li>• setting up and checking storeroom systems are operational</li> <li>• reporting maintenance requirements and product labelling faults</li> <li>• placing and stacking product on a 'first-in-first-out' (FIFO) basis, ensuring cross contamination is avoided</li> <li>• maintaining stock freshness and safely dispose of spoilage</li> <li>• keeping accurate records on frozen product</li> <li>• cleaning refrigerated storage room</li> <li>• complying with workplace procedures and food safety and hygiene regulations.</li> </ul>	
<b>Knowledge Evidence</b>	
<p>An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:</p> <ul style="list-style-type: none"> <li>• operation of refrigerated storeroom systems used for seafood stock</li> <li>• temperature storage requirements of fresh and frozen product</li> <li>• FIFO system of stock rotation</li> <li>• safe working practices for cold and confined spaces, manual handling and load shifting</li> <li>• relevant legislation relating to operating refrigerated storerooms</li> <li>• food safety and hygiene regulations and procedures for operating refrigerated storerooms including: <ul style="list-style-type: none"> <li>• temperature control</li> <li>• hygienic handling and storage of fresh and frozen seafood</li> <li>• personal and workplace hygiene.</li> </ul> </li> </ul>	
<b>Assessment Conditions</b>	
<p>Assessment of this unit of competency must take place under the following conditions:</p> <ul style="list-style-type: none"> <li>• physical conditions: <ul style="list-style-type: none"> <li>• skills must be demonstrated in a seafood refrigerated storage workplace setting or an environment that accurately represents workplace conditions</li> </ul> </li> <li>• resources, equipment and materials: <ul style="list-style-type: none"> <li>• PPE</li> <li>• chiller and fresh seafood, including whole fish, fish fillets, opened raw oysters and cooked crustaceans</li> <li>• freezer storage room and cartons of frozen product</li> <li>• product with different date-of-production labels</li> <li>• ice and ice-moving equipment</li> <li>• temperature recording devices</li> </ul> </li> <li>• specifications: <ul style="list-style-type: none"> <li>• company specifications</li> <li>• stock order specifications</li> <li>• workplace procedures for setting and managing refrigerated storerooms, including advice on food safety and hygiene, workplace health and safety and environmental requirements.</li> </ul> </li> </ul> <p>Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.</p>
