AHCBUS405XX	Participate in an e-business supply chain
Application	This unit of competency describes the skills and knowledge required to participate in an e-business supply chain. This unit applies to business managers or supervisors, who use an e-business supply chain and who are required to adjust production to meet the requirements of that supply chain. Those who work in this role ~~All work must be carried out to comply with organisational requirements, work health and safety legislation and codes, sustainability practices and in consultation with the management team.~~ ~~This unit applies to individuals who~~ take responsibility for their own work and ~~who~~ provide and communicate solutions to a range of predictable and sometimes unpredictable problems. All work must be carried out to comply with organisational requirements, work health and safety legislation and codes, sustainability practices and in consultation with the management team. No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.
Prerequisite Unit	Nil
Unit Sector	Business (BUS)
