Release 1	This version released with SFI Seafood Industry Training Package Version 1.0.

SFI40419	Certificate IV in Fisheries Compliance																
<p>Qualification Description</p> <p>This qualification reflects the role of individuals who work as senior fisheries compliance officers for an agency or organisation that has legislated responsibly for fisheries management. In this role, these individuals have responsibility for ensuring that compliance monitoring and administrative procedures comply with legislative and jurisdictional requirements. They plan and promote fisheries management awareness programs for commercial, recreational and traditional fishers and may undertake surveillance and observer operations as part of their role.</p> <p>All work is carried out to comply with workplace procedures, according to state/territory health and safety, food safety, biosecurity and environmental regulations, legislation and standards that apply to the workplace.</p> <p>Legislative requirements apply to this qualification and may vary across states and territories. Users are required to check with the relevant jurisdiction for current requirements.</p>																	
<p>Entry Requirements</p> <p>There are no entry requirements for this qualification.</p>																	
<p>Packaging Rules</p> <p>To achieve this qualification, competency must be demonstrated in:</p> <ul style="list-style-type: none"> 12 units of competency: <ul style="list-style-type: none"> 6 core units plus 6 elective units. <p>Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. The electives are to be chosen as follows:</p> <ul style="list-style-type: none"> at least 3 from the electives listed below up to 3 from the electives below or from any currently endorsed Training Package or accredited course.
