TITLE	Assessment requirements for AHCLSC101 Support landscape work
--------------	---

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.
 There must be evidence that the individual has supported landscape work on at least two occasions, and has:

- prepared materials, tools and equipment for landscaping work
- applied safe work practices in landscape construction and maintenance
- undertaken landscape work as directed
- stored materials as directed
- cleaned up on completion of work
- reported work outcomes and malfunctioning, faulty, worn or damaged of tools.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- procedures for preparing for landscape work and cleaning up on project completion
- safe work practices used in landscape work
- principles and practices of landscape work, including:
 - basic landscape construction techniques
 - landscaping tools and equipment
 - maintenance practices for planted areas
 - repair and maintenance of landscape features.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to supporting landscape work
 - landscaping materials, tools, equipment and machinery
 - personal protective equipment applicable to supporting landscape work
- relationships:
 - supervisor, staff and customers
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
