AHCLSC204	Lay paving
Application	<p>This unit of competency describes the skills and knowledge required to lay modular paving in landscape projectssettings, including preparing for work, setting out paving area, ground preparation, laying bedding material and pavers, and cleaning up site.</p> <p>This unit applies to individuals who lay pavingwork under general supervision and exercisewith limited autonomy with someor accountability for their own work. They undertake defined activities and work in a structured context.</p> <p>No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.</p>
Prerequisite Unit	Nil
Unit Sector	Landscape (LSC)

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Plan and prepare for paving work	1.1 Confirm Read work instructions relating to paving work and confirm with the supervisor 1.2 Prepare and use tools and equipment according to supervisor instructions 1.3 Select, use and maintain personal protective equipment (PPE) and clothing 1.4 Check and confirm the quantity and quality of materials according to make sure they conform to the requirements of the job plan requirements 1.4.5 Identify work place health and safety hazards, assessed risks and report to supervisor 1.5 Select, fit, use and maintain personal protective equipment (PPE) applicable to task
2. Set out and prepare paving area	2.1 Mark out the area to be paved according to site plan 2.2 Assist with pegging the reduced levels of the proposed paving area according to site plans s and supervisor's instructions
3. Undertake ground preparation	3.1 Excavate the area to shape, depth and dimensions to sub-base level 3.2 Trim the sub-base to the designated level and falls to ensure that the final level of paving can be achieved 3.3 Construct drainage systems as necessary according to site plan 3.4 Place and compact base material to the required finished level
4. Lay bedding material	4.1 Establish screed rails to ensure the bedding course is maintained 4.2 Spread bedding material loosely over the area to ensure the designated bedding depth can be attained 4.3 Level bedding material to the designated level and falls

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
5. Lay pavers to a given pattern	5.1 Set grid string lines to required levels to ensure the designated pattern of the project is attained and to maintain straight lines of components 5.2 Set out pavers to the required dimensions and pattern 5.3 Lay whole pavers and compact to the established finish level 5.4 Mark, cut and fit pavers to fill gaps in the pattern within nominated tolerances 5.5 Install permanent edge constraints to prevent movement of pavers 5.6 Spread sand on the paved area and compact to the finished level
6. Clean site and store tools and equipment	6.1 Sweep paving to produce a clean and flat surface free of debris 6.2 Dispose of or recycle soil and waste material from the site to ensure minimal impact on the environment 6.3 Clean, <u>maintain</u> and store all tools and equipment 6.4 <u>Report work outcomes, and malfunctions, faults, wear or damage of tools to supervisor</u>

Foundation Skills	
<i>This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.</i>	
Skill	Description
Oral communication	<ul style="list-style-type: none"> • Use clear language to report malfunctions, faults wear or damage to tools • Participate in verbal exchanges to respond to questions and clarify information •

TITLE	Assessment requirements for AHCLSC204 Lay paving
Performance Evidence	
<p>An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.</p> <p>There must be evidence that the individual has laid paving on at least two occasions and has:</p> <ul style="list-style-type: none"> • read, interpreted and applied information from a site plan • identified and reported workplace health and safety hazards • applied workplace health and safety requirements • prepared the site for paving • laid bedding material • laid pavers to pattern • cleaned up the site and disposed of waste • reported paving operations and unserviceable tools and equipment. 	
Knowledge Evidence	
<p>An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:</p> <ul style="list-style-type: none"> • workplace requirements applicable to health and safety in the workplace for laying pavers including appropriate use of personal protective equipment (PPE) • the principles and practices of paving, including: <ul style="list-style-type: none"> • methods of disposing of soil and waste materials • types of pavers • paving styles and methods • site layout and planning • the potential environmental impact of a paving project • the types of signs and barriers that need to be erected around an area to be paved the site • methods of disposing of soil and waste materials. 	
Assessment Conditions	
<p>Assessment of the skills in this unit of competency must take place under the following conditions:</p> <ul style="list-style-type: none"> • physical conditions: <ul style="list-style-type: none"> • a workplace setting or an environment that accurately represents workplace conditions • resources, equipment and materials: <ul style="list-style-type: none"> • work instructions and job plans applicable to laying pavers • materials, tools and equipment applicable to laying pavers • PPE applicable to laying pavers • specifications: <ul style="list-style-type: none"> • workplace requirements applicable to health and safety in the workplace and laying pavers • site plan • relationships: <ul style="list-style-type: none"> • supervisor • timeframes: <ul style="list-style-type: none"> • according to job requirements. <p>Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.</p>
