Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 1.0.

AHCPGD302	Plan and maintain plant displays
<b>Application</b>	<p>This unit of competency describes the skills and knowledge required to plan and establish plant displays, <a href="#">including preparing, selecting, placing and maintaining plants</a> either indoors or as seasonal displays of annual and perennial plants in garden beds <a href="#">and completing work</a>.</p> <p>The unit applies to individuals who <a href="#">plan and maintain plant displays under broad direction, and</a> take responsibility for their own work and for the quality of the work of others. <del>They use discretion and judgement in the selection, allocation and use of available resources. All work is carried out to comply with workplace procedures.</del></p> <p>No licensing, legislative or certification requirements apply to this unit at the time of publication.</p>
<b>Prerequisite Unit</b>	Nil
<b>Unit Sector</b>	Parks and Gardens (PGD)

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare plans for plant displays	<p>1.1 Inspect the display site for aesthetic, environmental and physical attributes</p> <p>1.2 Identify <del>occupational Health and Safety (OHS) potential</del> hazards <a href="#">and assess risks, assess</a> and implement <a href="#">safe working practices to manage riskscontrols</a></p> <p>1.3 Select, <a href="#">fit,</a> use and maintain personal protective equipment (PPE) <a href="#">according to procedures applicable to the task</a></p> <p>1.4 <del>Record</del><a href="#">Identify</a> on the display plan the location and projected life of the display</p> <p>1.5 <del>Record</del><a href="#">Identify</a> on the display plan the plant types suitable for aesthetic effects, environmental and physical attributes</p> <p>1.6 <del>Record</del><a href="#">Identify</a> on the display plan actions, timelines and work organisation, in consultation with <del>the</del> supervisor or manager.</p> <p>1.7 Confirm the availability of plants, materials and services for preparing the display</p> <p>1.8 Select materials, tools, equipment and machinery according to the display plan and <del>enterprise</del><a href="#">workplace</a> procedures</p>
2. Select plants	<p>2.1 Select plants that are healthy and vigorous and comply with <del>enterprise</del><a href="#">workplace quality</a> specifications <del>for quality.</del></p> <p>2.2 Select number and size of plants according to the display plan.</p> <p>2.3 Select plants that display the ability to survive in the display position for the length of the display</p>
3. Place plants	<p>3.1 Place <del>plants are placed in</del> <a href="#">according to</a> pattern specified <del>in display</del><a href="#">by</a> <del>the</del> plan</p> <p>3.2 <del>Select a</del>Accessories and materials <a href="#">according to</a> <del>chosen as specified in the display</del> plan</p> <p>3.3 <del>Work is undertaken according to OHS requirements</del></p>

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
4. Maintain plants	<p>4.1 Monitor <del>plant</del><u>the</u> health <del>of the plants to ensure they retain optimum appearance.</del></p> <p>4.2 Fertilise and water plants to maintain optimum health and appearance.</p> <p>4.3 Replace plants where <del>re required</del><u>n</u> they are no longer at optimum health and appearance.</p> <p>4.4 <del>Remove rubbish, litter and decaying material plants, pots and surrounds to maintain optimum appearance of display.</del></p>
<u>5. Complete work</u>	<p><u>5.1 Remove and dispose of rubbish, litter and decaying plant material from plants, pots and surrounds</u></p> <p><u>5.2 Clean, maintain and store tools, equipment and machinery</u></p> <p><u>5.3 Identify and report unserviceable tools, equipment and machinery according to workplace procedures</u></p>

<b>Foundation Skills</b>	
<i>This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.</i>	
<b>Skill</b>	<b>Description</b>
<a href="#">Oral communication</a>	<ul style="list-style-type: none"> <li>• <a href="#">Use clear language to report tool, equipment and machinery unserviceability</a></li> </ul>

--------------	---

<b>TITLE</b>	<b>Assessment requirements for AHCPGD302 Plan and maintain plant displays</b>
--------------	---

**Performance Evidence**

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

- There must be evidence that the individual ~~can~~ has planned and maintained plant displays on at least one occasion and has:
- applied workplace health and safety requirements
  - selected, used and maintained tools, equipment and machinery required for maintaining plant displays
  - prepared display plans, designs ~~plans~~ and specifications
  - determined spatial measurements of display site
  - calculated number of plants and materials
  - selected plants according to the display plan and workplace ~~that comply with~~ quality specifications, and the ability to survive for the length of the display-
  - placed the plants according to the display plan ~~and pattern~~
  - ~~complete~~ plant display in a timely manner
  - maintained the plant display
  - reported unserviceable tools, equipment and machinery.

**Knowledge Evidence**

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements applicable to health and safety in the workplace for planning and maintaining plant displays, including appropriate use of personal protective equipment (PPE)
- principles and practices of plant display maintenance, including:
  - aim and purpose of building plant displays
  - common problems occurring with display plants
  - design principles for plant displays
  - features and characteristics of a range of common plants used for display purposes
  - growing requirements of a range of common plants used in plant displays
  - remedial action required for display plants displaying health problems
- workplace quality specifications.

**Assessment Conditions**

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
  - a workplace setting or an environment that accurately represent workplace conditions
- resources, equipment and materials:
  - workplace procedures applicable to planning and maintaining plant displays
  - materials, tools, equipment and machinery applicable to planning and maintaining plant displays
  - PPE applicable to planning and maintaining plant displays
- specifications:
  - workplace requirements applicable to health and safety in the workplace for planning and maintaining plant displays
  - workplace quality specifications applicable to planning and maintaining plant displays
- timeframes:
  - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
