TITLE	Assessment requirements for AHCLSC2XX Assist with landscape construction work
--------------	--

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.
 There must be evidence that the individual has assisted with landscape construction work on at least two occasions, and has:

- identified and reported workplace health and safety hazards
- applied workplace health and safety requirements
- prepare materials, tools and equipment for landscape construction work
- undertaken landscape work as directed
- handled materials and equipment
- cleaned up on completion of landscape work and disposed of waste
- reported landscape construction work and unserviceable tools and equipment.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements applicable to health and safety in the workplace for assisting in landscape construction work, including appropriate use of personal protective equipment (PPE)
- principles and practices of landscape construction work, including:
 - basic landscape construction techniques
 - landscaping tools and equipment
 - maintenance practices for planted areas
 - repair and maintenance of landscape features.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to assisting landscape construction work
 - materials, tools, equipment and machinery applicable to landscape construction work
 - PPE applicable to landscape construction work
- relationships:
 - supervisor, staff and customers
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
