| <b>TITLE</b> | <b>Assessment requirements for AHCPGD206 Conduct visual inspection of park facilities</b> |
|--------------|---|

**Performance Evidence**

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.  
 There must be evidence that the individual has conducted a visual inspection of park facilities on at least two occasions and has:

- applied workplace health and safety requirements
- applied workplace standards of presentation
- prepared for and conducted visual inspection of park facility
- determined the extent of problems
- reported serious issues that may be present
- compared the condition of facilities to the required workplace standard
- recorded and reported hazards and associated environmental implications of malfunctioning facilities, equipment and services
- completed and submitted inspection activity checklist, report and photographs.

**Knowledge Evidence**

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements applicable to health and safety in the workplace for inspection of park facilities
- principles and practices of park facility visual inspection, including:
  - cleaning, servicing and hygiene requirements of public conveniences
  - hazard identification and reporting
  - the range of park facilities, equipment and services
  - park inspection reporting requirements, procedures and materials
  - terminology used to describe different components of the range of facilities, equipment and services relevant to the workplace
  - issues likely to be encountered by visitors using the park facilities and equipment
  - the practical application of site plans, checklist descriptions and workplace standards of presentation to locate and effectively assess facilities and equipment against the required parameters
- workplace standards of presentation and Australian Standards applicable to park facilities.

**Assessment Conditions**

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
  - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
  - site plans, checklists, forms and activity reports applicable to conducting visual inspection of park facilities
  - photographic device
- specifications:
  - workplace requirements applicable to health and safety in the workplace and inspection of park facilities
  - workplace standards of presentation and Australian Standards applicable to park facilities
- relationships:
  - supervisor
- timeframes:
  - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
