Release 1	This version released with ACM Animal Care and Management Training Package Version 5.0.

ACMEQU5X10	Work within an equine allied health provider framework
Application	<p>This unit of competency describes the skills and knowledge required to work professionally as an equine allied health service provider. It covers knowledge of relevant state/territory regulations and scope of practice requirements, developing industry networks, providing and promoting services to clients, establishing and maintaining accurate records and maintaining industry knowledge and currency.</p> <p>The unit applies to practitioners who provide an allied health service for horses and other equines. They work autonomously and apply in depth, technical knowledge and skills to provide and communicate solutions for predictable and unpredictable problems within their scope of professional practice.</p> <p>Commonwealth and state/territory health and safety, and animal welfare legislation, regulations and codes of practice relevant to interacting with horses apply to workers in this industry. Requirements vary between industry sectors and jurisdictions.</p> <p>No licensing or certification requirements apply to this unit at the time of publication.</p>
Prerequisite Unit	Nil
Unit Sector	Equine (EQU)
