

AHCSXXXX08 Permaculture Yield Skill Set

AHCSXXXX08	Permaculture Yield Skill Set
------------	------------------------------

#### Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version XX

#### Description

This skill set provides skills and knowledge required to harvest and process produce from a permaculture system and safely prepare it for storage according to industry and regulatory standards.

#### Pathways Information

These units of competency can provide credit towards a range of qualifications and/or build on the skills and knowledge of previous qualifications attained from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package.

#### Licensing/Regulatory Information

Licensing, legislative or certification requirements may apply to this unit where handling, processing and distribution of permaculture products are used for human consumption. Users are advised to check with relevant regulatory authority.

#### Skill Set Requirements

- AHCPER2X5 Harvest crops in a permaculture system
- AHCPER3X7 Coordinate preparation and storage of produce from a permaculture system

#### Target Group

This skill set is for individuals who support a permaculture system and are required to harvest, process and store produce from the system.

#### Suggested words for Statement of Attainment

These competencies from the AHC Agriculture, Horticulture and Conservation and Land Management Training Package meet the industry requirements for harvesting, preparing and safely storing produce from a permaculture system.

#### Commented [RB1]: 2 Support

1 Comment:  
Suggestion 08 Permaculture Yield Skill Set would only be about preparation and storage (which is not really yield) without AHCPER208 Harvest permaculture crops.

2 Comment:  
Not supported, unnecessary skill set.
